A FEW THOUGHTS BEFORE YOU BEGIN

There are no rules.

Some recipes will fill several pages.

Others may only need a few lines.

Some will be carefully measured.

Others will simply say “a handful” or
“cook until it looks right.”

The recipes don't have to be perfect.

*Simply add them whenever you like, return to update them
over time and, if you'd like a little help,
VeryImportantNotes can organise and polish your
words while always keeping your voice.*
